

## SecureForce Testimonial

### SecureForce UK

“SecureForce UK has established its business on the provision of a completely transparent Security Service. To meet this objective SecureForce has from its inception incorporated the wearing of Body Worn CCTV systems as standard on all of its Mobile Security Services.”

### Choosing Reveal Media

“After unsuccessfully trying other systems, the Reveal Media RS2 was found to be both more **user friendly** as well as significantly **more reliable than other systems.**”

### Benefits Experienced

- **“Security Officers feel better protected** in potential conflict situations as the system is highly visible.
- **We do not have to rely on Officer Recall** or require officers to scribble notes during incidents.
- We have supported our customers in **three recent successful prosecutions where the video evidence was used.**
- Supports our aim of absolute service transparency as **customers are able to view patrols at their request.**”

**“Our year on year growth of 100% is testament to, and significantly built upon, the use of Body Worn CCTV.”**

### Customer Support

“In addition to the excellent durability, and quality of the equipment, **the ongoing support from Reveal Media is second to none.** Every time the equipment or over the phone support has been instantaneous and has ensured that we operate these cameras every day.”

### Camera Users

“Our Officers value the equipment and understand that they are deployed to both support and enhance their challenging roles. When an Officer has been in a difficult situation and can rely upon this equipment they become extremely protective of it.”

### Conclusion

**“Our cameras have been used every day for over 18 months and our Officers tell me on a regular basis that they would hate to be without them.”**
